“The Feast of Unleavened Bread experience was an experience like no other. It was great to spend so many days worshipping the Most High God Yah. It was a great feeling being around all of the Saints locally and from out of town. I really enjoyed every moment of it and all of the food at the Feast was great. I can't wait until the next Holy Days come around Lords will. All the good teaching throughout the week has brought my faith to an even higher level. Thank the most High God for His Holy and Feast Days and TWOGC”. **Brother Curtis, GA**

“My feelings on being able to partake in the Feast of Unleavened Bread would have to be a mixture of emotions. First, I feel blessed that Pastor Smith and the church accepted me as a sister. Secondly, I feel grateful that I was able to receive true knowledge and understanding through the Word. I could go on and on, but to sum it up I am thankful to have new life in Christ and having been forgiven of my transgressions. My prayer is to keep standing in the faith and finish my race with faithfulness and endurance that I may receive the end of my salvation in peace. I Love everyone and Lord willing Lexy and I will return soon”. **Sister Jennifer, NJ**

“I really had a great time during the Feast of Unleavened Bread. This was the first opportunity that I've ever had to partake in the Lord's Supper. It is truly a blessing to understand the significance of Passover. I thank Yah for all that He's done for me”. **Brother Dwayne, FL**

“This is my first time I have partaken in Passover and Feast of Unleavened Bread. I recognize the seriousness of the feet washing and taking the Passover. There is so much love here and I have had a wonderful time. I felt like I had been in a spa for hours after the feet washing; it was really nice”. **Sister Faith, VA**

“I loved it; it was great”. **Brother Kevin, VA**

“I am glad I had the experience to meet my brothers and sisters from out of town; the comradely was great. I enjoyed listening to the testimonies of others and realizing that we share the same struggles. I understand that it is not just me doing what needs to be done in order to be saved. It was important that my son see me partake in the Lord's Supper and the Feast and for me to share this experience with him. The jerk chicken was great”. **Sister Raquel, GA**

“This has been a spiritual experience I have never been through before. I see spiritually and mentally there has been a lot of activity and not just words. People are showing the growth of what the church has done for them. The love and care we have for each other is present. The world does not want to accept that in today's time people can do what is prescribed in the Bible. We have a man standing the gap for us. I love it”. **Brother Greg, GA**

“I thought I was being obedient, within my heart I knew I needed to get rid of some things. My heart was grieved that I was not able to partake in the Lord's Supper. However, at the same time it has caused me to strive to partake in the Lord's Supper next year, if it be the Lord's will. I feel better already with being here with fellow saints. I am confident that this is the right way. I know this is right. I have learned more in these past few months since having been baptized than I have learned my entire life. At the end of the day, I am glad I am here. I don't know why the Lord revealed the truth to me, but I am thankful”. **Sister Nolisa, NC**
