## Rest For My Soul...

"First of all, I am very happy to be here because I have a desire and hunger to be here. I traveled 23 hours to get here. He [Yah] has brought me out of everything I have gone through in life. I don't take that for granted. Being that today we have rest from our enemies means a lot to me because you don't know who is really against you or who is really for you. I know on a personal level that my mother in an odd sense is against me because I have been through a lot with her with being verbally and emotionally abusive, but I did not use that as an excuse to continue doing wrong. There are many other examples, but because I was brought out of that situation it means a lot. I am glad I have gotten to this point as a member and made it to an actual feast day to spend time with the saints (my family). It does great joy to my soul that I am here. I just want to thank God for using me."

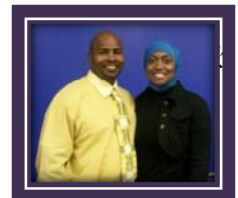

**Sister Andrea**

**Sister Shekora**

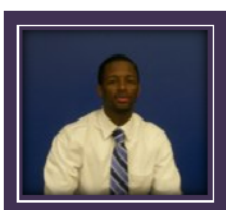

"It is a privilege to be here amongst the saints, to enjoy God's holy days and be able to express our identity as holy people...true worshippers. Despite what I am going through personally with leaving my family members back home; I felt it was very important for me to be here and start observing God's holy days. I love the Word and how Pastor Tony and the Ministers express and teach the Word accordingly. I love fellowshiping with the brothers and sisters and I love you all."

"Since we have joined the church, it has been a blessing for us and to us. In both of our families we are the only ones who are in holiness. When we are here we are home, so it really is a rest for us from everybody looking at us like we are crazy. People in our family really do think that we are in a cult. They don't understand the fact that we are in holiness and that I am submissive to my husband and the fact that my husband is the head. They really don't understand. So, it's a rest for us because we don't have to feel like the outcast or outsider. So, for me it's just a rest because we are home with family." **Sister Mike**

**The Mike Family**

"Since I came to the Way of God Church I discovered who I am; a Jew. In knowing who I am I carry myself better. When I was in the streets I was always searching and looking for something. I was brought up in church, but never knew God. When I would go to jail or prison I would get into the Word and call myself giving my life to the Lord. However, when I would get out I would run for a little while, but I would fall back into selling and using drugs. It gives me a rest in that I don't have to be worried anymore in going back to that lifestyle of looking over my shoulder and carrying a gun everywhere I go to protect myself. So, coming into the truth it let me know who I am and it not only gives me a spiritual rest, but I can rest my mind and body here on earth. There is also rest in my home with my wife. When we first got married we were not saved. I used to stay out all night and come home the next day, so there was a lot of foolishness because we were sinners and lived the life of a sinner. It is just rest to know the order of God; that I am the head and she is the wife. Although we are helpers of one another, we know that God is not the author of confusion, so when we come together with one accord we have not only spiritual rest, but rest in our home and in our marriage. It is good to just come and celebrate the feast with the saints and be around like minded people with one accord." **Brother Tim Mike**

**Brother Joshua**

"I have rest from my enemies. It also signifies that I am living Yah's Word out completely by honoring all of His commanded days. By observing His commanded days, I am being faithful to Him while also being able to fellowship with the saints."
